Grade 8 Online Transition

The online Grade 8 transition process for Independent School for September 2025 will run from January 15, 2025, to January 28, 2025.

The link to the transition form can be found [HERE](#)

Students who attend Grade 7 at an independent school within the School District No. 57 boundaries can apply to a School District No. 57 school for Grade 8 using this process. Applications must be made to the catchment school associated with the student's address. The online application process opens in January of each year and will be open for approximately 2 weeks. Details on how to apply will be sent to independent school Principals. Students looking to register after these dates should contact their catchment area school. Students looking to attend non-catchment schools should first register at their catchment school then request a transfer through the online student transfer process.

The annual online regular bus registration for the 2025-26 school year will be available on the School District's website during the month of May 2025. Applications received after the end of June 2025 will be accommodated based on available seating.

The information above has been copied from the School District 57 website. Please contact the district office directly with any questions.

Northern Bounce Elite Team
Tryout Information

Elite Team Information

We are thrilled to announce that Northern Bounce Elite is back for another exciting summer of basketball! After an incredible 2024 season, where we achieved record-breaking success on the court, we are more determined than ever to continue our growth and build on that momentum as we head into 2025.

Our Northern Bounce Elite teams are scheduled for a competitive summer, with several tournaments planned throughout the season. Teams will compete from April until the beginning of August, and we will be holding tryouts to select players for our club teams.

Players will be evaluated at our tryouts and potentially placed on one of our Northern Bounce Elite Teams to compete in our scheduled club tournament circuit. Every player selected will be part of the team that competes in these high-level tournaments, designed to challenge and develop their skills.

We understand that tryouts fall during the high school basketball season, and we appreciate your understanding of this timing. Unfortunately, to ensure we are fully prepared for the start of the club season, this is the only window available. If your son or daughter is interested in trying out but cannot make the scheduled dates, please reach out to us, and we will work with you to find an alternative.

We will have multiple teams for both the boys and girls divisions, with the following age groups:

Boys Teams:

- U11, U12, U13, U14, U15, U16, U17

Girls Teams:

- U12, U13, U14, U15, U16, U17

Northern Bounce
Tryout Information

IMPORTANT:

Tryout times and locations are subject to change depending on number of athletes trying out. Please register early so we can guarantee enough space and evaluators at every tryout.

Please register your son or daughter for their correct age group. No athletes will be permitted to play up unless Northern Bounce has requested a player to move up.
