

GRADE 4 NEWS

April 2025

MS. O'BRIEN

Dear Parents

Welcome to April and our final term!

Here are a couple of things we are working on in Grade 4 this month.

HARRY POTTER. We continue to work on various reading and writing projects related to our Harry Potter read aloud. We are hoping to finish our Harry Potter unit this month. We will be working on a book project and ending with a Harry Potter Day where we present projects and watch the movie. On that day, students can dress up as a character from the book and bring in snacks to share. More information will follow when we know the date.

MATH. In math this month we will be learning about fractions. We will continue to work on our math fact fluency with multiplication and division. Please keep working on memorizing timetables at home regularly.
